CENTRAL AIR TUNE-UP INCENTIVE PROGRAM

A spring inspection and tune-up of your central air conditioner unit can improve its efficiency and increase its life span. Without regular cleaning and maintenance, an air conditioner can lose up to 5% of its original efficiency for each year of operation.

New Richmond Utilities offers cash incentives to encourage regular inspection and maintenance of central air conditioners. If you are a homeowner or business owner with a central air conditioner, you may be eligible for up to \$35 toward a professional service inspection and tune-up.

How to Apply:

1. To qualify for an incentive, the applicant must meet all of the eligibility conditions and complete the incentive application on the reverse side.
2. To guarantee there will be incentive money available for your tune-up, call us at 246-4167.
3. ****Attach the original sales receipt or paid invoice**** from a professional heating and cooling inspection and tune-up service. The receipt or inspection documentation must indicate the date of service, dealer name and address, an itemized list of service checkpoints, and any repair recommendations.
4. Drop off your completed application at our office or mail it to New Richmond Utilities, 156 E. 1st Street, New Richmond, WI 54017.

Eligibility:

- The Central Air Tune-Up Discount Program is available to residential and business customers with a valid New Richmond Utilities electric account.
- Only central air conditioning units of 5 tons or less are eligible.
